- Revitalization and sustainability planning
- Regional growth management
- Ordinance development and implementation planning
- Regional and local comprehensive plan development and implementation
- Subdivision and land development review oversight
- Community engagement and relationship building
- Management of the Community Planning Section

ABOUT THE LEHIGH VALLEY PLANNING COMMISSION, TRANSPORTATION STUDY + REGION

The Lehigh Valley Planning Commission is the official planning commission for Pennsylvania's Lehigh and Northampton Counties and the third most populated region in the Commonwealth. The LVPC also, serves as the Metropolitan Planning Organization, or transportation and infrastructure planning agency for the same areas. The Lehigh Valley is strategically located on the eastern border of Pennsylvania, north of the Philadelphia region and west of the New York-New Jersey metropolitan statistical area. The fastest growing region in the Commonwealth, the Lehigh Valley is known for a high quality of life, recreational and cultural amenities, as well as, its variety of housing and communities from rural to urban. The region is unique, in that it is home to three cities and 59 other communities including dense urbanized boroughs, old and new suburbs, cross-roads villages and rural landscapes.

CURRENT LVPC PROJECTS

The LVPC/LVTS work program includes the overhaul and modernization of the *Regional Comprehensive Plan*, creation of a new *Lehigh County Parks, Recreation and Open Space Plan*, *Monocacy Creek Stormwater Management Plan* update, first ever regional bicycle and pedestrian masterplan, three multi-municipal community comprehensive plans, among the growth and expansion of online data and community outreach initiatives.
