Goals, Policies and Actions Discussion

Feedback was received from Lower Nazareth Township and the group discussed the comments.

- Specific municipal actions form “will do”
Implementation agreement across the ten municipalities; intentional about writing it that way
Will update the Act 537 plan to be consistent with the overall land use plan;
General consensus to keep will
- Define green infrastructure techniques
LVPC will modify to further define green infrastructure
- Promote regionalization discussions
Interest in having regional fire services discussions
S. Lawless – does it include EMS
- Develop a transportation funding mechanism
Traffic impact fees
- Is combining warehouse and industrial uses with walking, biking, etc.
B. Kocher stated Bushkill has done it successfully and C. Crook stated the Nor-Bath Trail crosses some very busy roads; however, in his opinion it’s 99% safe
