FUTURE LEARNING VALLEY

Who is the LVPC?

The Lehigh Valley Planning Commission was formed by Lehigh and Northampton counties in 1961 to create a comprehensive plan to **guide orderly growth** in Lehigh and Northampton counties. Since our creation we have been dedicated to providing the best planning possible to the counties and 62 municipalities in the Lehigh Valley. We maintain a professional staff that is able to provide a wide variety of planning services to municipalities in the region.

The purpose of the Lehigh Valley Planning Commission is to **promote the health, safety and general welfare** of the Lehigh Valley region in accordance with the provisions of the Pennsylvania Municipalities Planning Code.

What is a Comprehensive Plan?

A Regional Comprehensive Plan...

- Is the official and legal strategy guiding the growth, development, redevelopment and preservation of the assets of the Lehigh Valley.
- Consolidates all the information we already know about our community into one simple, organized, easy-to-read toolkit.
- Articulates community goals and aspirations for the years ahead, based on an understanding of current, on-the-ground conditions and accurate projections and trends.
- Demands strong community involvement and citizen participation during the creation process, and, once complete, it encourages further engagement to bring all of its various actions and directives into play.
- Informs future decision making on how we shape the land, including changes in existing laws on zoning, land development, subdivision, or other key laws that help determine how our communities will change and grow.
- Brings all 62 municipalities, private and non-profit sectors, and the public together to recognize shared objectives and collaborate on implementation.
- Is a playbook for the region, guiding official decisions, research, reports and funding.

A Regional Comprehensive Plan is Not...

- The same as zoning or subdivision. It is not an actual code that establishes what is or isn't legal in how we use or develop the land.
- So dense and complicated that it requires a law degree (or a billion other degrees) to read and understand.
- A text-only document. Or, at the very least, a good comprehensive plan is not text only! It should also include maps, charts, graphs, tables, graphics and infographics and be accessible on as many platforms as possible.
- An end in itself. It should be MUCH more than a summary of what the region has achieved. In some ways, it's the launch pad for where we would like to go and how we expect to measure our success at getting there.

Parks + Recreation is ...

- Parks + Recreation Sites
 - Ownership
 - Public – federal, state, county, municipal; open to the public
 - Private – park associations, non-profit organizations, for-profit entities; open to the public, limited access, pay to participate, membership-based
 - Classification
 - Active vs. Passive
 - Regional, Large Urban, Community, Neighborhood, Mini, School, Special Use, Passive Recreation, Natural Resource Area
- Trails
 - Land – Multi-use, Single use
 - Water – Lehigh River, Delaware River

How is Parks + Recreation
relevant to the plan and
the community?

Parks + Recreation is relevant to the plan because ...

- The Pennsylvania Municipalities Planning Code requires a plan for public grounds and parks and recreation.
- A comprehensive plan provides goals, policies and strategies related to the health of the public.
- Voters/public have spoken consistently in surveys that they regularly use parks and trails.

Parks + Recreation is relevant to the community because ...

- Economic benefits (estimates)
 - Natural system services - \$355.5 million annually
 - Air quality - \$54 million annually
 - Outdoor recreation spending - \$795.7 million annually
 - Property Values - \$14,600 average premium for home within ¼ mile of protected open space
- Environmental
 - Protects ecosystems
 - Provides wildlife habitat
 - Provides clean air and water
- Health + Wellness
 - Reduces stress
 - Increases life expectancy
 - Promotes physical activity and healthy lifestyles
 - Reduces obesity
- Community
 - Connects families
 - Reduces crime and delinquency
 - Supports youth

THANK YOU

for joining us on this journey and for contributing to making the Lehigh Valley a place in which we're proud to live and work for years to come!

SEE YOU SOON!
