LVPC WINS MILESTONE AWARD

The Lehigh Valley Planning Commission was honored to receive the Milestone Award for 60 years of leadership and service to the Lehigh Valley, during the Greater Lehigh Valley Chamber of Commerce’s Annual Meeting at the Wind Creek Events Center.

“At the core of the Lehigh Valley is balance, and the LVPC for the last 60 years has had the honor to lead the region by coordinating and collaborating with you through *FutureLV: the Regional Plan*”, LVPC Board Vice Chairman Steven L. Glickman told an audience of 800 people. “We look forward to navigating the evolving priorities of the region with all of you to ensure our quality of life, environment, economy, health and all the aspects that make this region great. Thank you.”

The GLVCC gives the Milestone Award to honor exemplary businesses and operations for their longevity and leadership in the economic and community development of the Lehigh Valley. Included with the award were citations from U.S. Senator Pat Toomey and the Pennsylvania State House of Representatives and Senate.
