 - i. Community Planning
 - 1. September 13, 20 & 27 from 5:30 – 9:00 pm
 - ii. Zoning Administration
 - 1. October 13, 20 & 27 from 5:30 – 9:00 pm

Next Environment Planning Committee Meeting:
August 24, 2021 at 11:00 am

Project Review Summary Sheet

Environment Committee

Date: July 2021

| Project | Municipality | Brief Statement of Purpose | LVPC Comment |
|---|---|---|--|
| <p>Application to Renew Approval of Existing Groundwater Withdrawal and Importation (DRBC Review)</p> | <p style="text-align: center;">Upper Macungie Township</p> | <p>Application by BlueTriton Brands (formerly Nestle Waters North America) to renew approval of existing groundwater withdrawal of up to 7.23 million gallons per month (mgm) from applicant’s well and importation of water from sources outside the Delaware River Basin. Importation of water to the applicant’s facilities is via tanker truck and does not have an impact on water resources in the Basin. The project will continue to supply the applicant’s bottled water facilities. Applicant will continue an ongoing, long-term groundwater monitoring program. Ten-year renewal cycle.</p> | <p>Exhibits consistency with <i>FutureLV: The Regional Plan</i>: Protect the quality and quantity of surface water and groundwater. Per DRBC documentation, no substantial adverse impacts are anticipated with continued operation. In addition, under the permit, DRBC may modify or suspend its approval or any permit condition to mitigate adverse impacts.</p> |
